Chairman Perspectives

Commenting on the recent performance, Mr. C.C. Paarhipan, Chairman of Caplin Point Laboratories said:

We're putting in place the right building blocks for both Emerging Markets and Regulated markets. We're making good progress with finalizing partners and also filing dossiers in our new key target markets of Mexico, Chile, USA etc. We're also aiming to gradually onshore some strategic manufacturing at important locations in Latin America and US, and taking the first steps of acquiring land/buildings for the same. We've also launched our second innings from China which will focus more deeply on high-tech products like Biosimilars, Peptides etc. We're strengthening our Marketing and Regulatory teams at both India and LatAm with seasoned professionals, to ensure our growth momentum remains steady. We continue to have a sharp focus on consolidating our presence in the existing markets with expansion on products, profits and cashflows.
